

## SECTION 1 - IDENTIFICATION

**Product identifier/Trade name:** SANIBLEND 32

**Other means of identification:** S32L

**Recommended use:** Cleaner, Disinfectant, Detergent, Deodorizer, Fungicide

**Restriction on use:** For industrial, institutional and food plants use only.

**Initial supplier identifier:** Chemotec (PM) Inc.  
8820 Place Ray-Lawson  
Anjou, Quebec, Canada H1J 1Z2  
Phone: (514) 729-6321; 1-800-729-6321

**Emergency phone number:** (613) 996-6666 (CANUTEC)

## SECTION 2 - HAZARDS IDENTIFICATION

### 2a WHMIS 2015 - GHS (Globally Harmonized System) classification

This product is regulated under the Food and Drug Regulations and is not regulated by WHMIS.

### 2b Label elements

**Pictogram :** No pictogram

### PRECAUTION :

**KEEP OUT OF REACH OF CHILDREN. DANGER – CORROSIVE TO EYES – SKIN IRRITANT.** Causes eye and skin damage. Do not get in eyes, skin or clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food. Remove the contaminated clothing and wash them before reuse. Wash thoroughly with soap and water handling.

**FIRST AID :** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. If swallowed, drink large quantities of water. Avoid alcohol. Call a physician or poison control center immediately. Take container, label or product name and Drug Identification Number with you when you seek medical attention.

**NOTICE TO PHYSICIAN :** Potential mucosal damage may contraindicate use of gastric lavage.

### Warning statement

See under precautionary statement

### Hazard statement

| <b>SECTION 3 - COMPOSITION / INFORMATION ON INGREDIENTS</b> |
|---|

| Ingredients                                       | CAS #      | % (weight) | GHS CLASSIFICATION  |
|---|------------|------------|---|
| Alcohol ethoxylate                                | 68131-39-5 | 1-5        | Eye irritation, category 2  |
| Alkyl dimethyl benzyl ammonium chloride (C12-C16) | 68424-85-1 | 0.1-1      | Skin irritation, category 1B<br>Oral toxicity, acute, category 4<br>Serious eye damage - category 1 |
| Octyl decyl dimethyl ammonium chloride            | 32426-11-2 | 0.1-1      | Skin irritation, category 2<br>Oral toxicity, acute, category 4<br>Serious eye damage - category 1  |
| Didecyl dimethyl ammonium chloride                | 7173-51-5  | 0.1-1      | Skin irritation, category 2<br>Oral toxicity, acute, category 3<br>Serious eye damage - category 1  |
| Diocetyl dimethyl ammonium chloride               | 5538-94-3  | 0.1-1.0    | Skin irritation, category 1<br>Oral toxicity, acute, category 4<br>Serious eye damage - category 2A |

The actual concentrations are withheld as a trade secret.

|                                       |
|---------------------------------------|
| <b>SECTION 4 - FIRST AID MEASURES</b> |
|---------------------------------------|

#### 4a Description of first aid measures:

##### Eye contact:

Rinse cautiously with water for minimum 15-20 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice.

##### Skin contact:

Wash with plenty water for minimum 15-20 minutes. If skin irritation occurs: get medical advice. Take off contaminated clothing and wash it before reuse.

##### Inhalation:

Bring the person to fresh air. If the person is not breathing, call 911 or an ambulance and give artificial respiration, preferably mouth-to-mouth, if possible.

##### Ingestion:

If conscious, give plenty of water. Never give anything by mouth if the person is unconscious. Do not induce vomiting. Seek immediate medical attention.

#### 4b Most important symptoms and effects

**Eye:** May cause irritation which may be serious if not rinsed promptly

**Skin:** Short-term direct contact may cause irritation that may be serious if not rinsed promptly.

**Inhalation:** Irritation of the respiratory tract  
**Ingestion:** May cause irritation and burns of the digestive tract.

**4c Immediate medical attention and special treatment needed**

No special treatment. See the doctor's notice in section 2.

**SECTION 5 - FIRE FIGHTING MEASURES**

**5a Extinguishing media**

Suitable extinguishing media:

Water (if possible avoid powerful jets), foam, dry chemicals, carbon dioxide. Product itself is not flammable.

Unsuitable extinguishing media:

None known.

**Specific hazards for product**

Hazardous combustion products:

Oxides of carbon, nitrogen and other irritating gases.

**Special protective equipment and precautions for firefighters**

Special fire-fighting procedures/equipment:

During a fire, irritating smoke and fumes may be generated. A self-contained breathing apparatus is required for fire-fighting personnel to protect themselves from irritating products produced during the combustion. Move containers from fire area if it can be done without risk. A stream of water directed into the product generates a lot of foam.

**SECTION 6 - ACCIDENTAL RELEASE MEASURES**

**6a Personal precautions, protective equipment and emergency procedures**

Personal protection:

Avoid contact with eyes and skin. Avoid breathing mist from the product. Do not ingest. Provide aeration and sufficient ventilation. Use adequate aeration and ventilation. Floor will be slippery in case of a spill. Use appropriate personal protection equipment (see section 8)

**6b Methods and materials for containment and cleaning:**

Stop the leak. For large spills, pump the product into drums or clean up spills using absorbent material and place in waste container for destruction. Resume cleaning by rinsing with water. Caution: floors will be slippery.

**6c Environmental precautions:**

Product is biodegradable. Do not let large quantities go to the sewers.

**SECTION 7 - HANDLING AND STORAGE**

**7a Precautions for safe handling:**

Avoid contact with eyes. See section 2 for details.

**7b Condition for safe storage:**

Store in a sealed container in a well-ventilated place. Do not store with food products. Keep from freezing.

**7c Special packaging materials:** none.

Keep away from peroxide and bleach. No incompatibility with most materials found in most workplaces.

**SECTION 8 - EXPOSURE CONTROLS AND PERSONAL PROTECTION**

**8a Control parameters**

|                          | Ontario Time-weighted Average Limit (TWA) | Ontario Short-Term Exposure Limit (STEL) | Notations |
|--------------------------|---|--|-----------|
| No ingredients regulated | None established                          | None established                         |           |

**8b Engineering controls:**

Not required under normal applications.

**8c Individual protection measures**

Respiratory Protection:

Not required under normal applications.

Skin protection and other protective equipment:

Waterproof boots for large spills. Rubber gloves.

Eye / face protection:

See section 2.

General hygiene considerations:

**KEEP OUT OF REACH OF CHILDREN.** Avoid contact with eyes. Never eat, drink, or smoke in work areas. Good hygiene is recommended after use of this product.

**SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES**

|   |                                 |
|---|---------------------------------|
| <b>Appearance and odor:</b>                               | Yellow liquid with lemon scent. |
| <b>Odor threshold:</b>                                    | N/Av                            |
| <b>pH :</b>   | 6-8                             |
| <b>Melting point and freezing point:</b>                  | Approximately 0 °C              |
| <b>Boiling point:</b>                                     | Approximately 100 °C            |
| <b>Flash point:</b>                                       | None to boil                    |
| <b>Evaporation rate (n-BuAc =1):</b>                      | 0.4 (water)                     |
| <b>Lower flammable limit (% by volume):</b>               | N/Av                            |
| <b>Upper flammable limit (% by volume):</b>               | N/Av.                           |
| <b>Explosion data - Sensitivity to mechanical impact:</b> | Not sensitive                   |
| <b>Explosion data - Sensitivity to static discharge:</b>  | Not sensitive                   |
| <b>Vapour pressure (mm Hg)</b>                            | 20 mm Hg (water)                |
| <b>Vapour density:</b>                                    | 0.6 (water)                     |
| <b>Specific gravity or density (water = 1 at 4 °C):</b>   | 1.0 g/cm <sup>3</sup> @ 20 °C   |
| <b>Solubility in water:</b>                               | Miscible                        |
| <b>Partition coefficient – n-octanol/water:</b>           | Not available                   |
| <b>Auto-ignition temperature:</b>                         | Not available                   |
| <b>Decomposition temperature</b>                          | Not available                   |
| <b>Viscosity:</b>   | <100 cps @ 25 °C                |

**SECTION 10 - STABILITY AND REACTIVITY**

**10a Reactivity:**

Not applicable when used as directed.

**10b Chemical stability :**

Stable at room temperature, in normal handling and storage conditions.

**10c Possibility of hazardous reactions:**

May react with strong acids and strong oxidizing agents.

**10d Conditions to avoid:**

Avoid contact with strong acids and strong oxidizing agents.

**10e Incompatible materials**

Strong acids and strong oxidizing agents.

**10f Hazardous decomposition products:**

Carbon oxides, nitrogen oxides, ammonia and other irritant gases.

**SECTION 11 - TOXICOLOGICAL INFORMATION**

**Primary entry route(s):** Eye, skin and ingestion.

**Eye:** May cause irritation which can be serious if not rinsed quickly.

**Skin:** Short-term direct contact may cause irritation that may be serious if not rinsed promptly.

**Inhalation:** Irritation of the respiratory tract

**Ingestion:** May cause irritation and burns of the digestive tract.

**Carcinogenicity:** No ingredient listed by IARC as a possible carcinogen.

**Teratogenicity, mutagenicity, other reproductive effects:** Not available

**Skin sensitization:** Not available

**Respiratory tract sensitization:** Not available

**Synergistic materials:** Not available

**Other important hazards:** Not available

**Toxicological data:** The calculated LD<sub>50</sub> for this product is greater than 4,000 mg/Kg, (oral, rat); our products are not tested on animals.

For more details, refer to Section 3.

**SECTION 12 - ECOLOGICAL INFORMATION**

**12b Persistence and degradability:** Product is expected to be biodegradable.

**12c Bioaccumulation potential:** Not available

**12d Mobility in soil:** There is no test data on this product.

**12e Other adverse effect** No applicable information found

**SECTION 13 - DISPOSAL CONSIDERATIONS**

Eliminate according to federal, provincial and local regulations.

**SECTION 14 - TRANSPORTATION INFORMATION**

**Transportation of Dangerous Goods (TDG) in Canada :**

Not regulated

UN number Not applicable

Proper shipping name: Not applicable

Class: Not applicable

Identification number: Not applicable

Packing group: Not applicable

Special case: Not applicable

**SECTION 15 - REGULATORY INFORMATION**

**In Canada**

**WHMIS information:**

This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR) and this safety data sheet (SDS) contains all the information required by the HPR.

**WHMIS Classification:** See section 2a

**CEPA information:** Ingredients are listed on the DSL inventory.

**SECTION 16 - OTHER INFORMATION**

**Date of latest revision** 2019-01-07
