

## Description:

3M™ TroubleShooter™ Baseboard Stripper is a ready-to-use, heavy-duty cleaner packaged in an aerosol container. It is designed to remove heavy soils, wax, and floor finish buildup from hard surfaces.

## Special Features:

- Thick white foam clings to vertical surfaces and resists dripping
- Aggressive formula penetrates and loosens build-up quickly and thoroughly

## Applications:

- For use on baseboards, floor edges, corners, stairways and ceramic tile
- Convenient aerosol spray can be used in tough to reach areas

Note: Not for use on painted surfaces or old asphalt tile – immediately wipe off any overspray.

## Packaging:

621 mL (21 oz) aerosol can.  
12 cans per case.

## General Use Directions:

1. Shake can well.
2. Hold can upside down and spray 15 – 25 cm (6-10 in) from surface. Cover the soiled area with a thin, even coat.
3. If any overspray onto other surfaces occurs, wipe off immediately.
4. Wait 3-5 minutes (or longer where there is severe buildup).
5. Wet-scrub the surface using a 3M™ Doodlebug™ Pad Holder 6472 fitted with a 3M™ Doodlebug™ Brown Scrub 'n Strip Pad 8541, 3M™ Doodlebug™ Hi Pro Pad 8550, or a similar product.
6. For uneven surfaces (e.g., grout, brick or door jambs), use a 3M™ General Purpose Brush 4020 with a 3M™ Doodlebug™ Handblock Pad Holder 6473.
7. Rinse surface with clean warm water.

**Note:** Prior to use, clean a small, inconspicuous area. Note any change in color or texture, particularly on old tile floors. Do not apply to painted surfaces. If unacceptable abrasion or scratching occurs, use a less aggressive pad.

## Important notice to user:

**Technical Information:** The technical information, recommendations and other statements contained in this document are based upon tests or experience that 3M believes are reliable, but the accuracy or completeness of such information is not guaranteed.

**Product Use:** Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for user's method of application.
