

# VACUUMS

## PVR200 DRY VACUUM

The ideal compact, lightweight, and mobile yet powerful vacuum. This vacuum is built to withstand commercial use and is equipped with a thermal overload feature for long-term motor protection and operator safety. The 0.5 micron Permatex filter allows the machine to be used with or without paper bags.

2200015 1 1/4"

**SALE PRICE**  
**\$367.00**

## NSR200 HENRY VAC

The new floor tool (designed specifically for NuSave) recovers the same amount of soil on low power (400 watts) as the 1200 watt ProVacs do on full (1200 watts). With this kind of performance, the high setting will really only be needed in special circumstances.

2200014 1 1/4"

**SALE PRICE**  
**\$367.00**

## WV800 WET VACUUM

The WV800's polypropylene tank and 4 casters make for easy use, mobility and maximum durability. It features a 1.6hp bypass motor, provides 110" of lift, 95 CFM of airflow, and can be used with or without bags. The unique ball float wet shut-off assembly rotates continuously, staying clean and ensuring that water does not reach the motor.

2200165

**SALE PRICE**  
**\$523.37**

## RSV200 BACKPACK VAC

The RSV200 allows for large area coverage, with superb vacuuming efficiency. Each machine is equipped with a Permatex/Microtex 0.5/0.3 micron filter. Two stage paper bags are optional. A padded orthopedically-designed back support helps to minimize operator fatigue by keeping the weight on the operators hips rather than the shoulders.

# AUTOSCRUBBERS

## T2 17 INCH AUTOSCRUBBER

This compact scrubber-dryer offers 23 kgs of down pressure and 230 rpm agitation through a 0.75 kW brush motor to achieve the highest level of cleanliness. The T2's easy to clean Hygenic<sup>®</sup> recovery tank and debris tray act to reduce scrubber tank mold and bacteria. The ergonomic handle enhances operator comfort, while the unique pad driver and squeegee holder allows for easy transportation. Great for cleaning small congested areas in one pass.

**SALE PRICE**  
**\$5255.99**

## SPEED SCRUB 20IN WALK BEHIND SCRUBBER

Get a reliable clean from the 1.0 hp brush motor, which delivers vigorous 230 rpm agitation, especially when combined with up to 90 pounds of pad pressure. Can be used in even the quietest places, the Speed Scrub has a whisper quiet 68.5 dBA noise level. 3 years / 2500 hours warranty on parts and labor (excluding batteries). 10 years on tanks.

1900290

**SALE PRICE**  
**\$6250.00**

## TWINTec 16 INCH AUTOSCRUBBER

With an adjustable brush deck (26-34in), water flow rate (0.25-1.0gpm), brush pressure (up to 160 lbs.) and speed (up to 4.3 mph), the Vario is 3 machines in 1. Pop-on/pop-off brushes and pad drivers make for easy brush changes. Low voltage shut off protects batteries from being over-discharged, and onboard chemical dispensing system allows for 32:1, 64:1, 96:1, 128:1 chemical metering.

## REGARD GARBAGE BAGS

A virtual bag-within-a-bag construction helps minimize and localize punctures when they happen. These bags are certified by the Environment Canada Program and are made using Co-EX technology and materials that allow excellent puncture and tear strength. These bags are "Best in Class" for attributes such as energy use, amount of recycled material, and post-consumer waste retrieved and reused. Regard bags are made to provide greater stretch than normal liners due to cross linking of multiple layers of film. Full range of sizes available.
